

Report on Course Work Module I for PhD scholars of admission batch 2018

In accordance with UGC regulations, 2016 for PhD course, recently Homoeopathy University, Jaipur has conducted the first Course Work Module of 5 days' duration, from 27th to 31st August 2018 for the PhD scholars of admission batch 2018 on the subjects of Research Methodology, Biostatistics, Synopsis writing and Scientific writing. For this purpose resource persons in the above mentioned areas were involved i.e. *Prof. Dr. C. Nayak*, President, Homoeopathy University, Jaipur and formerly Director General, Central Council for Research in Homoeopathy (CCRH), New Delhi whomade presentations on 'Synopsis Writing' as well as 'Scientific Writing' ; 2) *Dr. Prashant Tamboli*, Head, Department of Research and Medical Informatics, Dr. M.L. Dhawle Memorial Institute, Palghar, Mumbai and *Dr. Devangini Broker*, PhD Coordinator and Senior Research Fellow, Dr. M.L. Dhawle Memorial Institute, Palghar, Mumbai shared their expertise on the subject of Research Methodology and Biostatistics for four days.

It was a highly interactive Seminar cum Workshop as the scholars also got a hand on experience for working on their research projects in pursuance of PhD degree through sessions of thorough discussions and various workouts. This compulsory activity made their ideas clearer about the subject as well imparted them a vision for future proceedings of their

research work. Finally, all the candidates were informed to conduct pilot studies as per their protocols discussed in the module, the results of which and difficulties faced during such studies shall be discussed and resolved in the next Course Work Module along with other subjects.
